

Bathroom Remodel

The Bath. The Refuge. The Best. *Get Started.*

A long time ago, in a galaxy far, far away, there was the providential advent of indoor plumbing. Today, you can enter the modern bath, strip away your clothes, rest your feet on heated floor tiles, turn on your effervescent KOHLER Consonance™ whirlpool and soak the day away. Grab a cold drink from your refrigerated medicine cabinet, turn on the chromotherapy lighting and your favorite show on the flat screen TV before stepping into your purifying steam shower. Grab a warm towel from the heated towel rack and your plush cotton robe. And leave your favorite room of the house, your serenity bath, only when a family member shouts: "It's my turn!"

Bring the dream to life at Best Plumbing Tile & Stone. Best offers expert advice on how and where to begin the bathroom renovation experience.

Explore Trends and Get Inspired

Think about the last time you stayed at a high-end hotel. Only one word could describe the bathroom experience: *luxurious*. More and more homeowners are bringing this concept into their homes. And starting the process with tile and stone. Best offers a comprehensive selection of everything you need to create your dream bath from tile and stone to fixtures and accessories. Explore trends and get inspired at www.bestplg.com. View hundreds of photos, short educational videos, newsletters with the latest trends and a blog about a Best expert's first-hand experience in the kitchen & bath industry.

Schedule an In-Store Visit

Homeowners are often overwhelmed by the term *renovation*. It's important to speak with a Best bath & tile professional before you get started. Best's team of experienced professionals can simplify the process, turning it into a manageable and fun experience. To get more from your in-store visit, Best recommends bringing in articles and pictures that have inspired you along with photos of your current space. For a more comprehensive list, download the "Before You Visit" checklist from www.bestplg.com. While you're there, schedule a complimentary consultation or feel free to stop by one of our three convenient locations. Unexpected guests are always welcome.
